Proverbs 27:18 (LITV)

"The keeper of the fig tree eats its fruit, so he keeping his master is honored."

As I look over the promises and prophecies spoken over Souls Harbor in the first quarter of 2024, my spirit is highly encouraged! From "the mouth of two or three witnesses," God has shown His favor and plans for this church! What worship must enrapture each heart to lean on and recount the goodness of God and the special, sure touch that He's placed on all of us this year, and the year has just begun!

While we tend to go back, revisit, and rehearse those special moments (as we should), it is the process of "tending to" those promises that we must concentrate on! As the Proverb states, the one who KEEPS the fig tree will have the honor of eating its fruit. We've been given a glorious opportunity to reach our world as a prominent footprint for the Kingdom of God in our area. We must "tend" to this!

As individual members of this great body of Christ, let's treasure and protect this growth in both concept and fruition. Let's water the soil through our prayer and travail. Let's plant seed into the community through daily personal outreach, witnessing, and Bible Studies! All the while, keeping ourselves from anything that would destroy or distract!

And in doing so, we shall partake of the fruits of the prophecies God has bestowed upon us!

Yours in Christ,
